

Questionnaire Form for Suppliers

CHM-PVM-001

for

Photovoltaic (PV) Modules for Community Energy Resilience Hubs (CERH)

funded by the

Central Office for Recovery, Reconstruction and Resiliency (COR3) Grant
Cooperativa Hidroeléctrica de la Montaña

OCTOBER 6, 2025

RFQ Issued

OCTOBER 20, 2025, AT 23:59 AST

RFQ Due Date

By Electronic Submission Only

Questionnaire Form for Suppliers
Photovoltaic (PV) Modules
for Community Energy Resilience Hubs (CERH)
CHM-PVM-001

1. Supplier Information

Supplier name:	
Business address	
Business email	
Business phone number	

1.1. Equipment Requirements

Please document the equipment requirements

Mandatory Requirements

Is the proposed equipment new in condition? (Yes/No)	
Is the proposed equipment certified by OGPe? (Yes/No)	
Is 15 years the minimum warranty term? (Yes/No)	
Is 25 years the minimum linear performance warranty? (Yes/No)	
Are you registered to conduct business in Puerto Rico? (Yes/No)	
Do you agree to retain records as per 2 CFR §200.334–337 (for 3 years post-payment)? (Yes/No)	

General Requirements

Do you provide technical support, maintenance and training in Puerto Rico? (Yes/No)	
---	--

Questionnaire Form for Suppliers
Photovoltaic (PV) Modules
for Community Energy Resilience Hubs (CERH)
CHM-PVM-001

Photovoltaic Module

Is 540 Wp the minimum power rating of the proposed equipment? (Yes/No)	
Is 21 % the minimum efficiency of the proposed equipment? (Yes/No)	
What is the power tolerance of the proposed equipment? (E.g.: $\pm 3\%$)	
What is the module type? (E.g.: Monocrystalline Silicon)	

Installation

What is the wind speed rating of the proposed equipment?	
--	--

2. Supplier Questionnaire

Can you provide unit cost? (USD/kW)	
Are there any recommendations for module cleaning that minimize operator safety risks?	
What power tolerance is guaranteed (+/- %)?	
What are the exact weight and dimensions of the module?	
What is the product warranty (in years)?	

CHM-ReEnFoCo Program
Questionnaire Form for Suppliers
Photovoltaic (PV) Modules
for Community Energy Resilience Hubs (CERH)
CHM-PVM-001

What is the linear performance warranty (in years and degradation percentage)?	
What procedures must be followed to maintain the validity of the warranty?	
What does the warranty cover (labor, replacement, transportation)?	
What is the estimated delivery time when the purchase order is placed?	
Can you provide updated technical sheets, data sheets, and installation manuals?	
Provide a breakdown of domestic vs. imported content to confirm Build America, Buy America (BABA) compliance.
